Add beauty and value to your products

HYDEN

PACKAGING P. LTD.

DRY OFFSET SIDEWALL PRINTERS

4080 MINIPRINTER

We also manufacture a range of other models offering up to 6 color printing with speeds of up to 250 containers / minute in semi and fully automatic configurations with conventional and UV curing systems and for a variety of container sizes

The 4080 MINIPRINTER is the latest in the range of Dry Offset printing machines manufactured by Hyden.

Specially designed for printing on Injection Molded and Thermoformed plastics disposable containers, used in food and beverage packaging, this machine has all the features and quality of our standard range of printers at a low equipment cost. The 4080 MINIPRINTER has been particularly manufactured for the Small Scale Industry for low printing volumes and small batch sizes.

The 4080 MINIPRINTER is a fully automatic 4 color machine that gives excellent printing results with very tight color registration. It uses Solvent-based Inks and is equipped with a drying conveyor for curing printed containers. A re-stacking system allows easy and convenient operation of the machine. The machine is small and compact in size, requiring a low operating area and is extremely easy to install and set-up.

The 4080 MINIPRINTER has been manufactured by precise machining techniques and workmanship. The electrical control system is simple and easy to maintain and is made user-serviceable thereby avoiding specialised maintenance. Comprehensive instructions and maintenance manuals are provided with the equipment to assist the user in set-up and maintenance.

The 4080 MINIPRINTER gives an excellent print reproduction with consistent results. This is because it has been manufactured by the same Care, Dedication and Precision that goes into manufacturing our standard range of multi-color high-speed Dry Offset printing machines. No compromises are made in the materials or workmanship that go into the manufacturing of this machine. That is why this machine will give years of trouble-free working at low maintenance costs. When installed on your shop floor, you will join a large base of satisfied customers. Because customer satisfaction is what we at Hyden really care about.
